COMMENTS OF THE PUBLIC SERVICE COMMISSION OF UTAH

Qwest Communications International Inc. has reapplied to the Federal Communications Commission ("Commission") for authorization to provide in-region, interLATA service in Utah. This letter reaffirms our prior opinion that Qwest has met the legal standards contained in Section 271(c)(1)(A) and (B), the 14-point competitive checklist, the public interest standard, and Section 272. Nothing has occurred to alter our original recommendation. This letter adopts and incorporates by reference our previous submissions in WC Docket 02-189. The Utah Commission hereby requests that all of its submissions in that docket be formally incorporated in the record of the new WC Docket 02-314.
